ALUMNI BANQUET BEING PLANNED

WILL BE HELD ON FRIDAY NIGHT, MAY 14.

WORKINGMEMBERSNAMED

Two Hundred and Fifty Former Graduates of High School Live in Maryville and Vicinity.

The banquet of the High School Alumni Association will be held Friday night, May 14, and the plans for the event are being prepared by the working committees.

The place for holding the banquet is not yet determined and the full program is not arranged but there will be plenty of entertainment and a dinner program of songs, toasts and orchestra numbers, with more to follow. It has been a number of years since the alumni held a meeting and the committee in charge is planning a get together event which will not only be enjoyable, but of a nature to cement the friendliness and good will of all students of the high school to a degree which will not allow the organization to lapse in future.

The senior class and members of the high school factuity, about fifty in number, will be guests of the association at the banquet. The tickets will be placed on sale Monday and the price will of necessity be made enough to cover the dinner cost of the number who are to be guests of the former graduates. There are two hundred and fifty former graduates of the school living in Maryville and close vicinity, and from the advance interest expressed in the even., it is probable the greater part of these will be in attendance.

The committees in charge of the banquet are: Decorating, Mrs. Bruce Montgomery, chairman, Miss Gladys Bookman, Merle Seleeman and Fred Wolfers; menu, Miss Anna Bainum, chairman, Miss Katherine Carpenter and Miss Laura Curfman; entertainment, Dr. Jesse Miller, Jr., C. Edward Cook and Dr. Karl Majotte; invitation, Miss Katherine Schenck and Miss Gladys Bookman.

The annual banquet will be given Wednesday night, the rural school graduation will be held Thursday night and the commencement exercises Friday night of this week.

There are nine graduates from the high school this year. They are: George Lewis, Mildred Cox, Hazel Cox, Charlotte Green, Marie Lewis, Mary Marshall, Leta Hantz, Estelle Lawson and Gladys Wilson.

BAPTIST MEN'S CLASS PLAN FOR SERIES OF ADDRESSES

Body Reorganized With C. M. Shelton President—Will Meet First Monday in Each Month.

The Men's Organized Bible Class of the First Baptist church held its first business meeting since the reorganization Sunday morning, at the church last night. The future activities of the class were discussed and plans made to put over a membership campaign.

A business meeting of the class will be held the first Monday in each month and a speaker will be engaged for that evening. Following the business session last night, light refreshments were served.

The class was reorganized Sunday morning with Charles Shelton president; Ed Brewer, vice-president; William Everhart, treasurer and Jesse Wray, secretary.

WILCOX DISTRICT VOTING ON SCHOOL LEVY TODAY

Proposition Up to Voters for Second Time Today—Failure to Carry Will Prevent Holding School This Year.

The people of the Wilcox consolidated school district are voting today for the second time on the special school levy. The school levy was voted down in the Wilcox district at a school election held on April 6, and should the levy fail to carry at this time, no school will be held in five rural districts during the coming year.

Reports from there this afternoon indicate the vote running very close and no predictions can be made as to the result.

May Open Gallatin Trial May 11.

Gallatin, May 4.—The trial of Hugh Y. Tarwater, charged with killing Editor Wes L. Robertson last December, will be called again Tuesday, May 11. Physicians declared in circuit court which opened here yesterday that Tarwater's physical condition may permit trial by that time. At present he is suffering a nervous breakdown.

COURT GRANTED ROAD DISTRICTS

THE HOPKINS AND PICKERING DISTRICTS APPROVED.

TO STATE DEPARTMENT

Court Is Also to Grant a Third Road District and Then the State Highway Department Will Decide.

The county court in session late yesterday afternoon granted the petitions for the organization and incorporation of the Hopkins Special Road District and the Pickering Special Road District. These are the first road districts to be formed in the county.

The next step for the organization of these districts will be the appointment of three commissioners for each district. These commissioners will have complete charge. They will be selected by the court tomorrow.

The Hopkins road district petition filed by Clyde E. Olmsted, N. McCleave, J. V. Ulmer, N. R. Wilders and others has been before the court for the last few months. The Pickering district petition filed by L. H. Gray, D. W. Loch, Ed Wiley and others was filed at the same time as the Hopkins district. The Hopkins district runs from south of Hopkins to Pickering and the Polk township line. The road as they proposed to use is known as the bottom road.

It is said the court will also grant the petition of a special road district between the Iowa line through Hopkins and Pickering to Maryville. No action on this petition can be taken before August due to the fact that the required notice was not published in time for consideration at this term of court. The next regular term of the court is in August. The road they propose to use is the one that was recently surveyed by the state highway department and for which state aid will be given.

The court by granting all three of these road district organizations will put the matter up to the state highway department for decision. That department claims no state aid will be received unless the road as surveyed by that department is used.

These districts will be as a public corporation and will have, possess and exercise all the powers, privileges, prerogatives and immunities given and conferred by state law, and will improve the highways within district bounds by bond issue or special assessment.

E. E. HARPER INSPECTING WORK AT WATER PLANT TODAY

Concrete Work on Basin Now Completed—Big Filteration Plant to be Finished in a Few Days.

E. E. Harper, consulting engineer for the city water company, is in Maryville today in consultation with Mayor W. O. Garrett inspecting some of the work at the water plant. All the concrete work on the base for the filter has now been completed and the water is being sent through the clearing and coagulating basins. The filteration basin is not quite completed, but with favorable conditions and weather, it will be finished the middle of next week. As soon as this is complete so that the supply in the carrier mains can be renewed the water will be entirely cleared.

The long continued bad weather of the spring, has delayed progress greatly but every effort has been made to rush the work whenever it could be done.

HARMONY PHILATHEAS GIVE MOTHERS-DAUGHTERS BANQUET

The commencement exercises of the Harmony school are to be held Friday night and the address will be given by Dr. Ward of Kansas City.

ODDS FAVOR JOHNSON IN INDIANA

EARLY REPORTS OF PRIMARY FAVORABLE FOR SENATOR.

FIGHT ON IN CALIFORNIA

Johnson and Hoover are Being Voted for President in That State — Wood Carried Maryland.

Indianapolis, May 4. — Odds are strongly in favor of Senator Johnson in the state wide Indiana primaries today if reports to Johnson's headquarters may be taken at face value. In Wood camp no admission of defeat is forthcoming. Governor Lowden's lieutenants virtually conceded Johnson would carry the state, but reports at the Illinois candidate's headquarters indicated Lowden would make an "excellent showing."

San Francisco, May 4. — Senator Johnson and Herbert Hoover are battling at the polls today for the Republican presidential endorsement of their home bailwick. The polls were opened at six o'clock this morning and will close at seven o'clock tonight. The issue is clear cut as between Johnson and Hoover as no other Republican candidate is entered. The conservative Johnson forces today claimed victory at 60,000. Hoover's managers expressed confidence but made no estimate.

Baltimore, May 4.—Practically complete returns today show General Wood has defeated Senator Johnson for the Republican presidential preference in Maryland, and gave Wood 15,900 as against 8,059 for Johnson. Wood will have instructed for him the sixteen votes from Maryland to the national convention.

USE MORE MILK CAMPAIGN PROVING VERY SUCCESSFUL

Iowa Conducts "Milk Week" in the Schools—Dairy Division of U. S. Agriculture Dept. Co-operating.

Milk is plentiful on practically every farm in the Middle West, yet comparatively little is drunk by farmers' children. In fact, less milk is drunk by farm boys and girls, taking the whole country over, than by city children, statistics show. This, in spite of the fact that milk is cheaper and fresher in the country than in the city. It is said that this accounts for the fact that the proportion of undernourished children in the country is larger than in the city.

To get more children, both in the city and in the country, to drink more milk is the endeavor this year of the dairy division of the United States Department of Agriculture, cooperating with the State agricultural colleges. During the last year six milk campaigns have been carried on in Connecticut, four in New Jersey, six in Massachusetts, and one in each of a dozen other states. The increase following a campaign has been from 1 to 33 per cent.

Iowa, during the last six months, has been making a special effort to improve the health of its school children in the State by inducing them to drink more milk. The word started last October with a "milk week." During the six days of lectures and demonstrations 31,900 people were reached directly and 300,000 indirectly. Libraries, schools, and clubs cooperated in the work, and during the week 4,500 school children wrote essays on the value of milk.

In one Iowa county among 308 rural school children only 114 drank any milk at all before the campaign, and but 5 brought it to school for lunch. Since then an increase in consumption of milk amounting to 15 to 25 per cent has been made in the various counties in the State, and thousands of rural school children are now carrying milk to school for lunch.

JAUREZ IN HANDS OF REVOLUTIONISTS

BORDER CITY CLOSED TO ALL INTERNATIONAL TRAFFIC.

NO MORE WARSHIPS OUT

No Formal Request Made Navy Department for Ships to East Coast of Mexico.

El Paso, May 4.—Juarez, which fell into the hands of the revolutionists late Monday without a shot being fired, will be closed to international traffic until satisfactory agreement is reached between the rebel leaders and Carranza officials, it was announced today.

Augua Freita, Mex., May 4.—Boreen will be the first big objective of the rebel armies of the north when they launch the drive southward toward Mexico City, it was learned at revolutionist headquarters here today. According to reports here Villa has broken with the revolutionary chiefs and has started a revolution of his own along the Durango-Chihuahua state line.

Washington, May 4.—No additional warships have been ordered to Mexico, Secretary Daniels stated today. The state department reiterated its statement yesterday that formal request was made by that department on the navy department for the dispatch of destroyers to the east coast of Mexico. Daniels refused to state whether he had received such a request form the state department.

"The ships will go where needed," Daniels said, "and will tell you when the ships are ordered to Mexico."

There were indications there is some confusion regarding the dispatch of warships to Mexico. It is intimated the state department's request didn't come directly and that this might be responsible for evidence of confusion or conflict.

ALLIED PREMIER NOTES ON TURKEY RECEIVED.

Washington, May 4.—The allied premiers' note to the United States setting forth the summary of the proposed Turkish peace settlement have been received here, it was officially announced today. The text will not be made public by the United States.

"When long ago in the snow and the sleet
Womanhood knelt in the pitiless street,
Out of that agony—out of defeat
Blossomed a glory for you and for me.
Fear spread the seeds of the wonderful flower
Telling the world of its heavenly dower.
God in the germ, was its hiding of power.
Linking its glory with you and with me.
When every home is protected and sweet,
When our beloved are safe on the streets;
When the saloon is an outlaw complete,
That will be glory for you and for me."

So sang our women nearly fifty years ago, when urged by the spirit of God, they began their seemingly hopeless crusade against one of the most gigantic and destructive evils that was ever protected by law. So they have sang and labored and trusted until now in this year of grace we have incorporated in law the death warrant of the demon.

While our hearts rejoice at this wonderful triumph of right we must not lay down our arms or relax our vigilance. The enemy still lives and still has friends to try to bring him back to his throne. We dare not let them drive the entering wedge of larger per cents of alcohol in drink allowed, unless we wish to lose that for which we have labored so long.

The W. C. T. U. of Maryville has come to a crisis and unless its friends rally to its standard, it will go the way of other unions before it and the state and nation be robbed of one more arm of power needed in every vicinity. Yes, it is a long time and the other excuses we so often bring for neglecting our duty. A good soldier is always ready for the captain's call. Be sure to come out to the meeting at the home of Mrs. F. A. Yeo, 315 West Thompson street, tomorrow afternoon. MRS. S. S. WOLCOTT.

BOYS ON A LONG HIKE.

Willard

THREADED Rubber Insulation, which is always to be found between the plates of the Still Better Willard, doesn't know what it is to lie down on the job. Any Willard Service Station will tell you just as we do, that Threaded Rubber never gives the battery owner cause to worry about reinsulation, *a statement that cannot be truthfully made of any ordinary insulation.*

Cleaned House?

Have you cleaned house this spring? The time is here for this event and is looked upon by the majority of folks with a sort of regret that the time has arrived again so soon.

The burden of house-cleaning can be greatly lightened by use of our House Cleaning Helps, all of which are very inexpensive, and should be in every home.

Hoover Electric Cleaners

$52.50 and $65.00

The Hoover electrically beats and electrically sweeps as it electrically air cleans. The result is a thorough removal of dirt without muscular exertion.

Three processes are essential for the thorough cleaning of all carpetings. **Beating**—to dislodge the embedded grit, the destructive, abrasive edges of which, under shoe pressure, actually cut loose the soft nap and wear a carpet threadbare. **Sweeping**—of lightning rapidity, to edatch instantly the annoying, clinging litter, the hairs, threads and lint which adhere like burrs. **Suction**—to remove dustlessly from the carpet surface this beaten-out, sweep-loose dirt—and also the surface dust and scraps. Only the **Hoover Electric Suction Sweeper BEATS**—as it **SWEEPS**—as it suction **CLEANS**.

Baby Hoovers, at, each $52.50

Hoover Specials, at, each $65.00

Let us demonstrate one in your home—no obligation on your part.

Bissells Carpet Sweepers at ..... $4.25 to $5.25

LADY OVERCOMES USE OF MORPHINE.

"Troubled about 10 years with what the doctors called gall stones, often I thought I would die before the doctor could get here, when he would give me a hypodermic of morphine and advise an operation. A neighbor told me about Mayr's Wonderful Remedy for stomach trouble, and since taking the first dose 2 years ago I have not had an attack nor needed a hypodermic." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One rose will convince or money refunded. Maryville Pharmacy and all Druggists.

Bailey-Cummins Furniture Co.

An Old Firm With a New Name

J. E. Bailey, who has been with the Maryville Furniture Co. since its incorporation as Secretary and General Manager, and James B. Cummins, who has been with the firm as an active partner for the past ten years, have purchased the holdings of all of the other stockholders and will continue the business as a corporation under the name of the

BAILEY-CUMMINS FURNITURE CO.

On behalf of the retiring stockholders we wish to thank our many friends for their liberal patronage. For ourselves we desire to thank them also and to bespeak a continuance of the valued patronage we have enjoyed in the past.

We ask this patronage on the reputation we feel we have built in this store during the years we have been identified with its management and on the service we are able to render to buyers of good, dependable furniture through our experience in serving them and our desire to build even better trade and better confidence than we have had.

OUR UNDERTAKING DEPARTMENT

is as completely equipped as any in this part of the state, including funeral car, ambulance, etc. J. E. Bailey is a licensed embalmer of fifteen years' experience and James Cummins of ten years, which is ample assurance of the capability of the firm in this line of work.

Yours very truly,

BAILEY-CUMMINS FURNITURE CO.

HOW MUCH CEREAL FOOD SHOULD BE USED IN DIET.

Cereal food of one kind or another forms a large part of almost every wholesome and economical diet. As a general rule, the greater the part played by cereals the cheaper the diet. Up to a certain point one may cut down the quantity of meat, eggs, butter, sugar, fruits and vegetables, but food specialists in the United States Department of Agriculture say there is a limit beyond which this can not be safely done.

An ample day's ration for a family of father, mother and three young children in which cereals are used as freely as is considered wise, contains about 4½ pounds of bread, or its equivalent in a variety of cereal food; 2 quarts of milk, 1¼ pounds of medium fat meat, 10 ounces of butter or other fat, ½ pound of sugar, and 4 or 5 pounds of fruits and vegetables. In this diet the cereal foods supply about one-half of the protein.
